OUR PASSION

A CALL TO THE CITY

At the beginning of the 21st century, God placed a burden on our hearts - a calling to make the gospel and church relevant to a growing urban generation. More and more people are living in cities, but the church is often not well trained or ready to reach urbanites. We believe God is calling us to the city. We are praying for, dreaming of and working on movements of the gospel in cities that will reach many people and change the way cities function because of the beauty of the gospel and God's glory.

OUR VISION

03

CREATE MOVEMENTS OF THE GOSPEL IN THE CITIES OF EUROPE

If one day, every influential city in Europe has a self-sustaining gospel movement with a church planting pipeline and a vision for the whole region, City To City will no longer be needed. But we still have a long way to go.

TIM KELLER

“The vigorous, continual planting of new congregations is the single most crucial strategy for 1) the numerical growth of the Body of Christ in any city, and 2) the continual corporate renewal and revival of the existing churches in a city. Nothing else will have the consistent impact of dynamic, extensive church planting.”

OUR MISSION

City To City is not competing with denominations. We are a supporting network that focuses on the following specific areas:

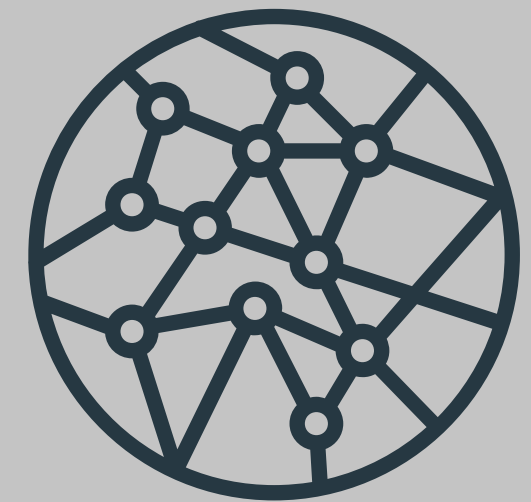

04

Raise Leaders
Most of our work focusses on developing leaders in order to...

Plant churches
We help leaders to plant healthy churches in order to...

Grow city-movements
We support church leaders to build a self sustaining gospel eco system in their city.

OUR NETWORK

We are a network of leaders - a growing community of friends who want to see movements of the gospel in cities throughout Europe. In the last 13 years, God has given us the honor to serve and help hundreds of church planters all over Europe to begin church plants and city movements. We are amazed by what God is doing.

OUR CONVICTION

06

We often get asked what City To City is: A church planting organization? A network of church planters? Though we are these things, the best way to describe us is a movement. A movement of people who desire gospel renewal in the cities of Europe. And we are convicted that the planting of many new healthy churches is the calling God has placed on our hearts.

We are convinced that the only way to see gospel movements in the cities of Europe is to collaborate with different denominations, networks, and organizations in these cities. We want to celebrate diversity in denominational history, the church model, and even in minor theological issues, as long as there is unity in the gospel and vision for the city.
